Cape Breton Regional Municipality

## Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Cape Breton Regional Municipality (the "Municipality") are the responsibility of the Municipality's management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Municipality's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The audit committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by MGM & Associates, Chartered Accountants, independent external auditors appointed by the Municipality. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Municipality's consolidated financial statements.

# INDEPENDENT AUDITORS' REPORT

To His Worship the Mayor and Members of Council Cape Breton Regional Municipality

We have audited the accompanying consolidated financial statements of Cape Breton Regional Municipality which comprise the consolidated statement of financial position as at March 31, 2014 and the consolidated statements of financial activities, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of Cape Breton Regional Municipality as at March 31, 2014 and its financial performance and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Notes to Consolidated Financial Statements

Year ended March 31, 2014

## 1. SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of presentation:

These consolidated financial statements of the Cape Breton Regional Municipality (the "Municipality") have been prepared, in all material respects, in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board ("PSAB") of the Canadian Institute of Chartered Accountants.

## (b) Basis of consolidation

These consolidated financial statements reflect the assets, liabilities, revenues, expenses and changes in fund balances of all funds of the Municipality. The Municipality is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the Municipality and that are owned or controlled by the Municipality. Inter-fund and inter-corporate balances and transactions have been eliminated. The entities included are as follows:

- Operating, capital and reserve funds of the Cape Breton Regional Municipality
- Operating and capital funds of the Cape Breton Regional Municipality Water Utility

## (c) School boards

The assets, liabilities, taxation and other revenues and expenses with respect to the operations of the school boards are not reflected in these consolidated financial statements as they are provincial government entities.

School boards in Nova Scotia were created by the Province under provisions in the Education Act, and, under provincial statute, every municipality is required to make a mandatory contribution to its school board. The mandatory contribution is set at the value of the Education Rate, set by the Province each year, multiplied by the previous year's Uniform Assessment. The funding for this contribution to the Cape Breton-Victoria Regional School Board are recovered by the municipality by an area rate levied on the assessed value of the taxable property and business occupancy assessments and is shown as an expense on the consolidated statement of financial activities.

#### (d) Trust funds

Trust funds and their related operations administered by the Municipality are not included in the consolidated financial statements, but are reported separately in the Trust Funds financial statements.

## (e) Fund accounting

The resources and operations of the Municipality are comprised of the operating, capital and reserve funds. Transfers between funds are recorded as adjustments to the appropriate fund balance. Supporting schedules to the consolidated financial statements are included to show the financial activities and change in the balance of each fund.

# 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (f) Basis of accounting

Revenues and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable; expenditures are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

# (g) Cash and cash equivalents

The Municipality considers cash on hand, deposits held in banks net of outstanding cheques and deposits and temporary lines of credit and overdrafts as cash and cash equivalents.

# (h) Tangible capital assets

Tangible capital assets acquired since amalgamation on August 1, 1995 are reported in the statement of financial position at cost net of accumulated amortization. All tangible capital assets acquired prior to amalgamation have been written off. They are amortized on a straight-line basis over their estimated useful lives at the following rates:

|                                 | Basis         | Rate       |
|---------------------------------|---------------|------------|
| General Fund                    |               |            |
| Buildings                       | Straight-line | 40 years   |
| Equipment                       | Straight-line | 5-10 years |
| Streets                         | Straight-line | 50 years   |
| Sidewalks                       | Straight-line | 20 years   |
| Traffic lights                  | Straight-line | 20 years   |
| Recreation facilities           | Straight-line | 5-40 years |
| Industrial parks                | Straight-line | 40 years   |
| Waterfront development          | Straight-line | 50 years   |
| Wharf – Sydney Marine Terminal  | Straight-line | 25 years   |
| Garbage collection and disposal | Straight-line | 25 years   |
| Sewer collection and disposal   | Straight-line | 50 years   |
| Water fund                      | •             | •          |
| Structures and improvements     | Straight-line | 75 years   |
| Equipment                       | Straight-line | 5-20 years |
| Mains                           | Straight-line | 75 years   |
| Services and other              | Straight-line | 50 years   |
| Meters                          | Straight-line | 20 years   |
| Hydrants                        | Straight-line | 50 years   |

A full year's amortization is taken in the year of acquisition.

## 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (i) Reserve funds

Certain amounts, as approved by Council of the Municipality, are set aside in reserve funds for future operating and capital purposes. Transfers to and or from reserves funds are an adjustment to the respective fund when approved.

# (j) Government transfers

Government transfers are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

## (k) Deferred revenue

Deferred revenue represents user charges, prepayment of taxes, and other fees that have been collected, for which the related services have yet to be performed. These amounts will be recognized as revenue in the fiscal year the services are performed.

## (I) Taxation and related revenues

Property tax billings are prepared by the Municipality based on assessment rolls issued by the Province. Tax rates are established annually by Council, incorporating amounts to be raised for local services and the requisition made by the Province in respect of education taxes. Taxation revenues are recorded at the time tax billings are due. Assessments and the related property taxes are subject to appeal. Tax adjustments as a result of appeals are recorded when the results of the appeal process are known. An allowance for unresolved assessment appeals is also provided.

# (m) Employee future benefits

The Municipality has a defined benefit pension plan covering its employees.

Pension expense is included in department expenditures on the consolidated statement of financial activities.

The Municipality has adopted the following policies:

(i) The cost of the accrued benefit obligations for pensions earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of expected plan investment performance, salary escalation and retirement ages.

Notes to Consolidated Financial Statements

Year ended March 31, 2014

## 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (m) Employee future benefits (continued)
  - (ii) For the purpose of calculating expected return on plan assets, those assets are valued at fair value.
  - (iii) Past service costs from plan amendments, transitional adjustments and actuarial gains or losses (within the limits prescribed), are deferred and amortized on a straight-line basis over the average remaining service period of active employees.

The cumulative difference between pension expense recognized in the financial statements and the funding contributions is reflected in the statement of financial position as net prepaid benefit expense.

## (n) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, the disclosure of contingencies and the reported amounts of revenues and expenses in the consolidated financial statements and accompanying notes. Significant items subject to management's estimates and assumptions include the valuation of receivables and carrying value of tangible capital assets, as well as the valuation of the employee future benefits. Due to the inherent uncertainty in making estimates, actual results could differ from those estimates.

## 5. EMPLOYEE FUTURE BENEFITS

## a) Retirement costs

The Municipality sponsors a contributory defined benefit pension plan for substantially all of its employees. The plan provides pensions based on length of service and final average earnings. The average age of the 711 active employees covered by the plan is 47.4. There are 19 former employees who are entitled to deferred pension benefits. At present, the plan provides benefits for 333 retirees with benefit payments being \$5,395,000 in 2014.

# b) Defined Benefit Plan

The significant actuarial assumptions adopted in measuring the Municipality's accrued benefit obligation are as follows:

|   | 2014 | 2013 |
|---|------|------|
| Discount rate                               | 5.0% | 5.0% |
| Expected long-term rate of return on assets | 5.0% | 5.0% |

The Municipality's net benefit plan expense is computed as follows:

|  | <br>2014                     | <br>2013                     |

# 5. EMPLOYEE FUTURE BENEFITS (CONTINUED)

The actuarial value of net assets and the actuarial present value of accrued pension benefits are presented on the going concern basis. In accordance with the Nova Scotia Pension Benefits Act ("PBA"), a solvency valuation is performed on the Plan, even though the risk of it being wound up is remote. The values of the Plan's assets and liabilities on a solvency basis are related to the corresponding values calculated as though the Plan were wound up and settled on the valuation date, excluding any provision for future indexing of benefits as provided under PBA regulation 16(1)(a). Further to an amendment to the same Regulation to the PBA effective at the end of 2005, plan sponsors can also exclude from the solvency valuation the value of the benefits provided under Section 79 (commonly referred to as the "grow in" provisions) of the PBA. The contribution requirements consider the exclusion of such benefits in the determination of the solvency special payments schedule for 2005 and beyond.

## c) Defined Contribution Plan

The Cape Breton Regional Municipality also provides a defined contribution pension plan. Members of this plan and employees of the former municipalities prior to amalgamation in 1995 and part time employees to which compulsory membership is not directed to the CBRM DB Plan. The contribution rate is funded equally.

The contribution for the year amounts to approximately \$316,218 (2013 - \$230,074).

#### d) Other

The Municipality directly provides pension arrangements in respect of former employees. The cost of such pensions for the year was approximately \$310,701 (2013 - \$315,879).

#### e) Municipal clerks' pension

The Municipality is required, under provisions of the Municipal Government Act of the Province of Nova Scotia, to provide a non-contributory defined pension plan for Municipal Clerks in respect of years of service to March 31, 1993.

The liability will be periodically adjusted based on triennial actuarial valuation and differences, if any, between the actuarially determined liability and the liability as otherwise determined. This adjustment will be charged to future operations.

The two plans provided by the Municipality had a deficiency of plan assets over liabilities of \$261,200 (2013 -\$298,100).

## 6. MISCELLANEOUS TRUST FUNDS

Miscellaneous Trust Funds administered by the Municipality are reported on separately. The total trust assets under administration at March 31, 2014 are \$3,018,225 (2013 - \$3,035,684).

#### 9. SOLID WASTE MANAGEMENT FACILITIES LIABILITIES

The Nova Scotia Environmental Protection Act established regulatory requirements for the closure and long-term maintenance of landfill sites. A requirement of the Act is that the Municipality is required to plan and provide closure and post closure maintenance of their landfill sites.

Within the former municipal units of the CBRM, there were six major former municipal landfills operated by these units. The included Sydney landfill, County of Cape Breton landfill & incineration facility, Woodbine landfill operated by the County of Cape Breton, No. 11 landfill in Glace Bay, the Louisbourg landfill, new Waterford landfill operated near Scotchtown and seven other small sites in Dominion, Sydney Mines and Glace Bay.

Notes to Consolidated Financial Statements

Year ended March 31, 2014

## 9. SOLID WASTE MANAGEMENT FACILITIES LIABILITIES (CONTINUED)

Two of the larger landfills, Sydney landfill and the No. 11 landfill in Glace Bay were considered properly closed in the 1990's, however, there are still 4 somewhat major landfills and several small sites that require varying degrees of monitoring and/or closure activities as per the regulations.

Activities required for these sites vary and include but are not limited to groundwater monitoring, well installation and monitoring, site delineation, site security, landfill gas delineation, leachate quality monitoring and possible treatment, site capping and general site tidiness.

The assumed estimated cost for proper monitoring, planning, closure and post closure activities for these sites is \$41,161,800 (2013 - \$41,161,800). The estimate is based on the costs per hectare associated with the closure of the Sydney landfill extrapolated over remaining hectares to be closed, adjusted for inflationary considerations. We anticipate this number to grow with potential for interest rate effects on borrowing for completion and fluctuations with cost of living increases in the service markets where this work would be carried out.

## 10. LONG-TERM DEBT

The schedule attached to the consolidated financial statements details the various terms and conditions related to the long-term debt.

#### 12. CONTINGENCIES

- (a) As of March 31, 2014 there are a number of claims against the Municipality and its consolidated entities in varying amounts and for which provisions have been made in these financial statements as appropriate. It is not possible to determine the amounts that may ultimately be assessed against the Municipality with respect to these claims, but management believes that any such amounts would not have a material impact on the financial position of the Municipality.
- b) The Municipality is the plaintiff in various proceedings, which have arisen, in the normal course of carrying on its operations. It is not possible at this time to determine the amounts the Municipality may receive with respect to these claims.
- c) The Municipality has guaranteed a number of loans on behalf of various fire departments within CBRM. The total amount outstanding on these loans at March 31, 2014 is \$1,414,263.
- d) Canadian Environmental Guidelines

Per regulations set forth by the Canadian Council of Ministers of the Environment (CCME) and required by the Nova Scotia Environment – Department, the Municipality is currently in the process of performing risk assessments to meet necessary wastewater treatment guidelines. Upon completion, the timeline and estimated cost to meet these guidelines will be more definitive.

# 13. TRANSFERS TO PROVINCIAL BOARDS AND COMMISSIONS

(a) Cape Breton Island Housing Authority

The Municipality shared in the operations of the Authority for the year ended March 31, 2014 in the amount of \$1,795,245 (2013 - \$1,802,619).

(b) Assessment Services

The Municipality is required to pay a share of the cost of operating the provincial assessment system based on the total provincial assessment cost times the average of the Municipality's share of the Uniform Assessment and the Municipality's share of assessment accounts. For the year ended March 31, 2014, the Municipality's share of these costs was \$1,364,599 (2013 - \$1,394,533).

(c) Correctional Services

Municipalities in Nova Scotia are required to make a mandatory contribution to fund the cost of correctional services. The contribution is set by Provincial formula. For the year ended March 31, 2013, the Municipality's contribution for these costs was \$1,106,162 (2013 - \$1,111,696).

## 13. TRANSFERS TO PROVINCIAL BOARDS AND COMMISSIONS (CONTINUED)

(d) The Cape Breton-Victoria Regional School Board

The Municipality provided a mandatory contribution in the amount of \$12,193,890 (2013 - \$11,588,280) to the Cape Breton-Victoria Regional School Board.

## 14. FINANCIAL INSTRUMENTS

(a) Fair values

The fair value of the Municipality's financial instruments that are comprised of cash (cheques issued in excess of funds on deposit), taxes receivable, accounts receivable, short term borrowings, accounts payable and accrued liabilities and accrued interest on long-term debt approximate their carrying value due to their short-term nature.

The fair value of long-term debt is based on rates currently available to the Municipality with similar terms and maturities and approximates its carrying value.

Unless otherwise noted below, it is management's opinion that the Municipality is not exposed to significant interest, market or credit risks arising from these financial instruments.

## (b) Credit risk

The Municipality is exposed to credit-related losses in the event of non-performance by counterparties to the financial instruments. Credit exposure is minimized by dealing with only credit worthy counterparties.
